

Keep Going (feat. Zakwe, Maraza & Nasty C)

Junior De Rocka

Nasty C: Verse

I'm just tryna add weights to my pockets;
All for the bars that I'm locked in,
And I figured I'm serving a sentence so long
I should get a couple of commas
I spit a tsunami, that's over flow
Killing rappers from coast to coast
You couldn't save 'em with Noah's boat
I am a tordem
I told 'em that time is money
I'm modem broke
And it's all from this pen and this pad
My enemies and my serenady vanishes
And all of my energy teption
I get in the stu' with my baggage
To use to my fullest advantage
And see that's when the haters start hating
They judging they 'tempting to stop me
But I got this
'Coz I know that I'm on to the top
Because I'm 'bout to top this
