Losing You

Mic Donet

Never stop loving you! Can't stand losing you!You know I would do everything to make you stay - but I know I can't,
I guess I have to better let you go your way - I won't hold you back.
To make it easier for me, you wanna be the first to leave
before I will have to in the end
Don't dream your life but live your dream, that is what you said to me,
Baby, until we gonna meet again[Chorus]
I will always love you, no, I'll never stop loving you, baby!
I don't wanna lose you, no I can't stand losing you, baby!
I will always love you, no, I'll never stop loving you, baby!
I just can't stand the pain, of losing you!I'm gonna miss your beautiful soul around mine,
one like yours is hard to find,
I'm gonna miss your beautiful spirit and mind,
don't you cry dry your eye,
We got goals to achieve, it is our destiny,
until we've learned what love truly means,
You gotta set the caged bird free,
that is what you said to me, if it returns it is ours to keep[Chorus]I long to hold you once more, babe, just one more time,
before you go I want you to know I'll always be there for you.
The road to your fortune is right behind the door, baby,
I want you to go through and find what you're looking for.[Chorus]
