

Man In Question

Cheap Girls

Saw you climbing up the rope that's tying me lately.
And keeping me in place.
I don't think I have the room to vouch for safety
When it comes to letting me in. So, I'll remain
The man in question through your day,
The one who might have something right for you. Saw you start to pick a part that I had been missing and
Fill it with what dissolves.
And I know I've got no room to speak of danger when
I'm looking right in the mirror.
And I know I can't compete with what's been pushed on you.
And I know I can't reverse all that's been done to you. So, I'll remain
The man in question through your day,
The one who might have something right for you.
Saw you climbing up the rope that I've been wrapped up in.
And it's hard to separate from one another but you might find you're way down now.
Saw you climbing up the rope that I've been wrapped up in. So, I'll remain
So, I'll remain
The one who might have something right for you.
