# Gates of Hell

## Holyhell

Into the starlit sky
Where time begins
Across the universe
Where heavens endShadow of the gods
Fly up over paradise
We once foundAt the gates of light
Standing there is a dark knight
We have crownedThe gates of hell will open wide
Welcome to the nightRising spirits breathe
Evil legacy
Awakened by a thousand single dreamsShadows of the god
Fly above it all
Through the gates of hellWalk into the gates
And time stands still
The fires burn within
So enter if you willShadows of the god
Fly up over paradise
We once foundAt the gates of light
Standing is a dark knight
We will crownThe gates of hell will open wide
Welcome to the nightRising spirits breathe
Evil legacy
Awakened by a thousand single dreamsShadows of the god
Fly above it all
Through the gates of hell[Chorus:2x]
Rising spirits breathe
Evil legacy
Awakened by a thousand single dreamsShadows of the god
Fly above it all
Through the gates of hell
