Top 40

Robert Palmer

When I make my Top 40
Smash hit
Rock ?n? roll record
Everything is gonna be just fine
When I make my Top 40
Smash hit
Rock ?n? roll disc
I?ll be the record company?s valentine
No more philosophic melancholia
Eight hundred pounds of electric genitalia
When I make my Top 40
Smash hit
Rock ?n? roll record
Everything?s gonna be just fine
When I make my fuzz tone
Wah-wah
Synthesized record
Everything is gonna be just grand
When I make my fuzz tone
Wah-wah
Synthesized disc
I?ll have to get myself a moving van
Costume, hairdo, made up cute
A personal connection in a business suit

When I make my fuzz tone
Wah-wah
Synthesized record
Everything is gonna be just grand
When I make my dynamite
Heavy soul
Freaked out record
Everything is gonna be just swell
When I make my dynamite
Heavy soul
Freaked out disc
I?ll be living it up pell mell
Mountain top hide away
Three-car garage

Out there hustlin? that sonic massage
When I make my Top 40
Big beat
Heavy soul
Freaked out
Solid gold
Synthesized
Rock ?n? roll record
Everything is gonna be just fine
