For Love's Sake

Alecia Nugent

Honey, if you only knew
What I've the will to do
Endure or take
All for love's sake
Baby, there'd be no denyin'
Any sacrifice that
I'm prepared to make
All for love's sake
As evidence, I offer up my heart
Begging you to use every last part
Baby, I'll stand shielding you
Any it hurt quick to pursue
Each blades embrace
All for love's sake
As evidence, I offer up my heart
Begging you to use every last part

Honey, if you only knew
What I've the will to do
Endure or take
All for love's sake
Baby, there'd be no denyin'
Any sacrifice that
I'm prepared to make
All for love's sake
As evidence, I offer up my heart
Begging you to use every last part
For love's sake
For love's sake
For love's sake
For love's sake
For love's sake
For love's sake
