

# Watch Yourself

**Eric Clapton**

You better watch yourself  
You better watch yourself  
You better watch yourself  
I got my eye on you You steal my love and go away  
Don't tell me you'll see me another day You better watch yourself  
You better watch yourself  
You better watch yourself  
I got my eye on you You've gone and left me, left me here to cry  
You know I love you, you know you're my desire You better watch yourself  
You better watch yourself  
You better watch yourself  
I got my eye on you I give you all my love, everything too  
Fine Cadillac, tell me what you gonna do You better watch yourself  
You better watch yourself  
You better watch yourself  
I got my eye on you People are talking all over town  
You say you don't love me, you're gonna put me down You better watch yourself  
You better watch yourself  
You better watch yourself  
I got my eye on you Tell me, what's the matter, what you gonna do?  
You say you're going to quit me then you say, we're through You better watch yourself  
You better watch yourself  
You better watch yourself  
I got my eye on you You better watch yourself  
You better watch yourself  
You better watch yourself  
You better watch yourself You better watch yourself  
I got my eye on you
