Bring Me Home

4ordained

[verse 1]
How can this be the life for me
Isnâ€™t it supposed to make me free
What can I do to survive
When I feel the light leaving me inside

I want to feel of his love for me
I want to feel of his strength
I want his hand reaching back for me
When Iâ€™ve lost my way
I want to know that he is there for me
Reaching out, to save me from my pain

[chorus]
How can I become the one that Iâ€™m supposed to be
How can I be strong when Iâ€™m the one in need
Thereâ€™s trouble here and I need to make it home
I need him here, I cannot be alone
Bring me home
Lead me on
Take my hand, and bring me home

[verse 2]
How can this be the life for me
He gave me eyes, but somehow I canâ€™t see
I know that I have felt his light before
Oh what Iâ€™d give to feel it just once more

I need to feel of his love for me
I need to feel of his strength
I need his hand reaching back for me
When Iâ€™ve lost my way
I need to know that he is there for me
Reaching out to save me from my pain

[chorus]
How can I become the one that Iâ€™m supposed to be
How can I be strong when Iâ€™m the one in need
Thereâ€™s trouble here and I need to make it home
I need him here, I cannot be alone

Bring me home
Lead me on
Take my hand, and bring me home
Bring me home
Lead me on
Take my hand, and bring me home

[verse 3]
How can I become the one that Iâ€™m supposed to be
How can I be strong when Iâ€™m the one in need
Thereâ€™s trouble here and I need to make it home
I need him here, I cannot be alone
I need him here to bring me home
