Powder Burns

Bolt Thrower

Advisory - the following lyrics contain explicit language:

Injected
Straight to the core
C.N system bypassed
Ready for the warTargets now hostile
Pushed to the edge
These colors have borne no retreat
Honor the pledgeTry to run, you cannot hide
Thoughts that cannot be denied
Pain that never goes away
The powder burnsOnwards with no compromise
Proceeding ritual, fear denied
Hopped up on dream dust
Burns in the brain
Psychological technique
Invincible no painTry to run, you cannot hide
Thoughts that cannot be denied
Pain that never goes away
Powder burns
