

# Hands Down

## James Wesley Haymer

Breathe in for luck, breathe in so deep  
This air is blessed, you share with me  
    This night is wild, so calm and dull  
    These hearts, they race from self-control  
    Your legs are smooth as they graze mine

We're doing fine, we're doing nothing at allMy hopes are so high that your kiss might kill me

    So won't you kill me so I die happy

    My heart is yours to fill or burst, or break or bury

Or wear as jewelry, whichever you preferThe words are hushed, let's not get busted

    Just lay entwined here, undiscovered

    Safe in here from all those stupid questions

    "Hey did you get some?", man, that is so dumb

    Stay quiet, stay near, stay close, they can't hear

So we can get someMy hopes are so high that your kiss might kill me

    So won't you kill me, so I die happy

    My heart is yours to fill or burst, or break or bury

Or wear as jewelry, whichever you preferHands down, this is the best day I can ever remember

    I'll always remember the sound of the stereo

    The dim of the soft lights, the scent of your hair

    That you twirled in your fingersAnd the time on the clock

        When we realized it's so late

        And this walk that we shared together

        And the streets were wet and the gate was locked

So I jumped it and I let you inAnd you stood at your door with your hands on my waist

    And you kissed me like you meant it

        And I knew that you meant it

        That you meant it, that you meant it

        And I knew that you meant it, that you meant it
