Never Never

Korn

I'll never love again
I would never love again
I'm never gonna love again
YeahI don't even wanna have to try
Draw a line
Never flies
I don't even wanna have to die
But deep inside
The dead rehearse
And I never wanna clarify
And justify
So I run and hide
And I never wanna sleep my fights
So I crucified
All my hate insideI'll never love again
I will never have to pretend
I'll never gonna love again
Never gonna have to try to pretend
Never Never NeverI don't never wanna satisfy
Cause it's inside
I'll do it fine
I don't never wanna multiply
Cause deep inside
I'm not qualified
And I never wanna clarify
And justify
So I run and hide
And I never wanna sleep the fight
So I clasify
All my hate insideI'll never love again
I will never have to pretend
I'll never gonna love again
Never gonna have to try to pretend
Never Never NeverI'll never love again
I will never gonna love againI'll never love again
I will never have to pretend
I'll never gonna love again
Never gonna have to try to pretend
Never Never Never

Never Never Never
Never Never Never
I'll never gonna love again
Never gonna have to try to pretend
Never Never Never
