

# Wake Up (Next to You)

Graham Parker

I can't have no objection to the world outside  
I don't have no complaints against life's one way ride  
I know I'm sleeping with an angel and this devil's in luck  
Wake up, wake up, wake up, wake up, wake up I've been dreaming for too long  
I guess something's always wrong unless I  
Wake up next to you  
I wanna wake up next to you The summer's left a spell on us, magic and gold  
The tarmac's cracked and shimmering up on the road  
I know I'm walking with an angel down a hot avenue  
Wake up, wake up, wake up, wake up, wake up I've been dreaming for too long  
I guess something's always wrong unless I  
Wake up next to you, I wanna wake up  
Wake up next to you You know what I'm gonna do  
I'm gonna pick up the telephone right now  
And I'm gonna call Information  
And I'll say to them "Where is she right now?"  
'Cause I want her and I need her"  
And I wanna hear her say  
"Hey, baby, wake up" Wake up next to you, I'm wanna wake up  
Wake up next to you Where is she right now?  
'Cause I want her and I need her  
And I wanna hear her say Wake up, wake up, wake up  
Gonna wake up, wake up, wake up  
Gonna wake up, wake up, wake up  
Gonna wake up, wake up, wake up
