The Rest Is Silence

Lunik

I fell in love and I fell hard
I'll never feel that way again
I'm just too scared
You took something away from me
And I'll never be the same again
To talk to you still feels like coming home
Oh I wanted to grow old by your sideCan't I keep You
You just went away
Why can't I keep you
The rest is silence
Why can't I keep you
You just went away
And The rest is silence
I see it was right to separate and stop these fights
It seems that my dreams weren't meant to be
To talk to you still feels like coming home
Oh I wanted to grow old by your sideCan't I keep you
You just went away
Why can't I keep you
The rest is silence
Why can't I keep you
You just went away
And the rest is silence
Sometimes I think we might have lived too long together
But sometimes I wonder if we'd have made it if we'd just tried a little longer
Can't I keep you
You just went away
Why can't I keep you
The rest is silence
Why can't I keep you
You just went away
And the rest is silence
Can't I keep you
You just went away
Why can't I keep you
The rest is silence...Lalalalalalalala...
