Dancing Alone

Ashlee Simpson

Nobody's gonna hold me back
It's Friday night, I feel alright
Nobody's gonna bring me down
It's my life, I'm doing fine
Don't you know I wanna play
So take me on a holiday
So here I am
Looking pretty for you
They come and go
So many faces, it's no use
So I'm dancing alone
Dreaming solo
'Cause your love's the one worth waiting for
It's just like heaven
Nobody's gonna break my heart
And hurt me like they did before
No one can even get the part
Not until I know it's deep
Can't you come and take me away
Take me to another place
So here I am
Looking pretty for you
They come and go
So many faces, it's no use
So I'm dancing alone

Dreaming solo
'Cause your love's the one worth waiting for
It's just like heaven
Can you hurry up?
Can you feel my love?
I'm burning up
I'm so hot, I'm so hot, I'm so hot
Dancing alone
Dreaming alone
So here I am
Looking pretty for you
They come and go
No one else here will do

So I'm dancing alone
Dreaming solo
'Cause your love's the one worth waiting for
It's just like heaven
Like heaven
'Cause your love's the one worth waiting for
The one worth waiting for
I'm dancing alone
I'm dancing alone
I'm dancing alone
I'm dancing alone
