

Wrapped in Red (Ruff Loaderz Radio Mix)

Kelly Clarkson

Everybody's happy
Snow is falling down
Prayers are being nicer
Miracles all around From afar I've loved you
But never let it show
And every year another
December comes and goes
Always watching
Never reaching
But this Christmas
I'm gonna risk it all
This Christmas
I'm not afraid to fall So magical and nothing more
Than words I never said
You know it's love, you see me like
You never seen me yeah
Wrapped in red (Ooh-ooh-ooh-ooh) Blue is where I've been
Green can't run to you
Silver does remind me
That mistletoe's for two So I found a color
That only tells the truth
That paints a picture
Of how I feel for you This Christmas
I'm gonna risk it all
This Christmas
I'm not afraid to fall So magical and nothing more
Than words I never said
You know it's love, you see me like
You never seen me yeah
Wrapped in red (Ooh-ooh-ooh-ooh) I'll never feel you
If I don't tell you This Christmas
I'm gonna risk it all
This Christmas
I'm not afraid to fall So magical and nothing more
Than words I never said
You know it's love, you see me like
You never seen me yeah
Wrapped in red (Ooh-ooh-ooh-ooh)

Wrapped in red (Ooh-ooh-ooh-ooh)
