Don't Say Sarah

Wave

It's just another day, I'm off to work, it's all the same
That's how it's been, getting used to this routine
I hid the pain inside to keep my mind occupied
At least that's the plan, I wear the bravest face I can
Just when I think I'm doing alright
Someone says that magic word again
I'm asking you please
Don't say Sarah no more
Don't say her name because she hurt me so
And I just can't let go
Don't say Sarah no more
Don't say her name because things ain't like before
She's not my girl no more
Almost myself again, I think my heart is on the mend
I'm doing okay, feeling stronger every day
Could I give it a try, it's been a while
I think I'll go out with my friends, maybe I can start again
Just when I catch a girl smiling at me
Someone tears the band-aid off and then
It all comes back so
Don't say Sarah no more
Don't say her name because she hurt me so
And I just can't let go
Don't say Sarah no more
Don't say her name because things ain't like before
She's not my girl no more
Don't say Sarah no more
Don't say her name because she hurt me so

And I just can't let go
Don't say Sarah no more
Don't say her name because things ain't like before
She's not my girl no more
Don't say Sarah
(No more)
Don't say her name
(Don't say her name)
Don't say Sarah no more
Don't say her name

(Don't say her name)
She's not my girl no more
Just when I think I'm doing alright
Someone says that magic word again
I'm asking you please
Don't say Sarah no more
Don't say her name because she hurt me so
And I just can't let go
Don't say Sarah no more
Don't say her name because things ain't like before
She's not my girl no more
Don't say Sarah no more
Don't say her name because she hurt me so
And I just can't let go
Don't say Sarah no more
Don't say her name because things ain't like before
She's not my girl no more
