

Young Heart (Lincoln Jesser Remix)

[Freja](#)

I can't stand to see her arms around you
And I won't cry, I know I'm not supposed to If you don't get me, maybe no one can
Situation so sad, I just can't help falling in love
I never listen, things just get out of hand
It's gotta stop, I can't keep counting on my young heart
There's so much left to understand
My young heart, never listens but I know it can It still hurts, but I already knew this
My lips are numb-numb-numb-numb-numb-numb imagining our first kiss If you don't get me, maybe no one can
Situation so sad, I just can't help falling in love
I never listen, things just get out of hand
It's gotta stop, I can't keep counting on my young heart
There's so much left to understand
My young heart, never listens but I know it can
Don't know if I can, but don't know if I want to
Don't know if I can, but don't know if I want to My young heart never listens but I know it can
Young heart
Young heart Don't know if I can, but don't know if I want to
Don't know if I can, but I can't stop My young heart
There's so much left to understand
My young heart, never listens but I know it can
I can't keep counting on
My young heart, here's so much left to understand
My young heart, never listens but I know it can
Don't know if I can, but don't know if I want to
Don't know if I can, but don't know if I want to
Don't know if I can, but don't know if I want to
Don't know if I can, but I can't stop
