

# Alive In You

## 7eventh Time Down

Your love's inside of me  
Spinning my soul from my head to my feet  
I feel it in my bones, grabbing my soul  
I'm losing control

I live for You  
There's nothing I won't do  
I'll run to You  
There's nothing I won't do

Your love's a mystery  
Your love, it makes me breathe

I am alive in You, You are the truth  
You're the air that keeps me breathing  
Wonderful, so beautiful  
I am alive in You

I'm wearing no disguise  
A Jesus freak till the day that I die  
I will not compromise  
You can throw every stone  
But you can't take my life

This is my declaration  
Nothing can separate us  
You are my salvation  
Nothing can separate us
