

Mister Mister

T. Rex

Mister mister mister I'm just looking for a change in my luck,
Mister mister mister I'm just looking for a change in my luck,
Looking for a change. Baby baby baby I'm just looking with my eye to the sky,
Baby baby baby I'm just looking with my eye to the sky,
With my eye to the sky. Looking, I'm gonna keep on looking babe
Keep on looking, I'm gonna keep on looking babe, for a change. Sister sister sister I'm just looking for a change
in my love,
Sister sister sister I'm just looking for a change in my love,
Looking for a change. Looking, I'm gonna keep on looking babe,
Keep on looking, I'm gonna keep on looking babe,
Looking I'm gonna keep on looking babe,
Keep on looking, I'm gonna keep on looking babe, Dee-dee bom bom, de-de bom bom, dee-dee bom bom
