

Re: Stacks

Bon Iver

This my excavation, today is Kumran
Everything that happens is from now on
This is pouring rain
This is paralyzed I keep throwing it down two hundred at a time
It's hard to find it when you knew it
When your money's gone
And you're drunk as hell On your back with your racks as the stacks your load
In the back the racks and the stacks are your load
In the back with your racks and you're unstacking your load I've been twisting to the sun, I needed to replace
And the fountain in the front yard is rusted out
All my love was down
In a frozen ground There's a black crow sitting across from me
And his wiry legs are crossed
And he's dangling my keys, he even fakes a toss
Whatever could it be
That has brought me to this loss? On your back with your racks as the stacks your load
In the back the racks and the stacks are your load
In the back with your racks and you're unstacking your load This is not the sound of a new man or a crispy
realization
It's the sound of the unlocking and the lift away
Your love will be
Safe with me
