Subcultural Girl

Nekromantix

Subcultural girl, you shock my worldpsychobilly hot babe, rude girl, new wave
punk chick, skin girl honey i'm your slave
i dig the way you do your hair
i love your attitude and the clothes you wear
no square's needed when you're around
you seduce me with the smell of underground
my rockabilly pinup you're so tough
i cant get enough...subcultural girl, you shock my worldsee you walking down the street ooolala
deadly curves, nasty and bizarre
ooh girl you're the one for me..
i like what i see..
