

Satisfied (feat. Mal Devisa)

Watsky

[Chorus: Mal Devisa][Hook: Mal Devisa]

Straight through to your midnight heart

Straight through to your midnight heart

Now you know your soul is dark

Straight through to your midnight heart[Verse 1: Watsky]

You don't know the name of like half of these folks

And they'll be sprinting for the exit the minute you're broke

A bunch of bobblehead muppets to laugh at your jokes

Wipe your ass and come and give your ego a stroke

I had to break it to youâ€” sorry buddy it was time you knew

Nothing you ever said was funny, man the punchline's you

One time for the palm trees and the sunshine

Two times for the two-timers being unkind

Confined to a small mind, but the fault's mine

I always keep on crawling back across the San Andreas faultline[Hook: Mal Devisa]

Straight through to your midnight heart

Straight through to your midnight heart

Now you know your soul is dark

Straight through to your midnight heart[Chorus: Mal Devisa]

Well I've made enemies along the rideBut each way that I turn I face aheadI know you know it's way too late
now and your soul is dark

Yeah motherfucker I see through you to your midnight heart[Verse 2: Watsky]

It's tough to care about stupid bullshit all of the time

So I gotta say I'm glad that's your job and not mineA choice of how you wanna let your life be defined

(is it honeys?) sleeping around is your taste?

(Is it money?) are you the paper you chase?

You said that I've been playing safe

If you got the bravest voice say that to my faceBut I took a difficult look in the mirror, and I checked in the
rearview

Objects are never what they appear

The past tends to look crooked from here

The maskâ€” that I put on out of fear, the tracks that I didn't put out

The facts that I kept out of my ear

The slack that I cut people who didn't deserve it is tragically clearI'm not done changing yet. I'll get these old
knees checked

I can't bend over for someone I don't respect[Chorus]

Well I've made enemies along the ride

I'm afraid I could never be satisfied

But each way that I turn, I look aheadEmbed
