Whatever U Want

Christina Milian

[Joe Budden:]
Once again it's on
And we gonna ride out
Once again till dawn
Cut the lights out
Once again till morn
Keep the lights out
Till the end of the song

[Christina:]
Your feelin' me,
And it's got you all fired up,
Tryin' to walk away
Cause you don't want your heart tied up

[Bridge:]
But I can feel the proof when your holdin' me
Like to let you think your controlin' me,
Even thought that ain't the deal,
When I want I take the wheel, and I know
Can't hide that your really into me,
Hold is so tight I can barely breathe
Cause you know I keep it real
Giving you what you can feel

[Hook:]
Whatever u want I got it,
Whatever u need that's me
Feelin' the flow, don't stop it
Whatever u need i'll be
Whatever u want I got it,
Whatever u need that's me
Feelin' the flow, don't stop it
Whatever u need i'll be

[Christina:]
Your frontin' like,
You don't want no one to know
But it's in your eyes

That you don't want me to know

[Bridge:]
But I can feel the proof when your holdin' me
Like to let you think your controlin' me,
Even thought that ain't the deal,
When I want I take the wheel, cause I know
Can't hide that your really into me,
Hold is so tight I can barely breathe
Cause you know I keep it real
Giving you what you can feel

[Hook:]
Whatever u want I got it,
Whatever u need that's me
Feelin' the flow, don't stop it
Whatever u need i'll be
Whatever u want I got it,
Whatever u need that's me
Feelin' the flow, don't stop it
Whatever u need i'll be

[Joe:]
We gonna get it started, OK
Now go get the party jumpin' like me,
Who crunk it like me,
Lotta of guys here but none is like me
Though some could try to be
With two or three chains up under the white tee
And i got two or three dames thats comin' tonight,

See em, done tonight leave,
Like one, aight peace
Only Mike puts up numbers like these,
And he's no longer playin,
But neither am I, so
What i'm sayin is hop in the deuce seater with I
Cause you know with them boots
And that beater you fly,
Other dudes act to cheap with the pie,
Won't drop a few pennies,
Or cop you a guinea, but i'll cop you as many,
Toast till the bottles all empty,
Like pardon the Bravado in me
Us two thats a plan somehow,

Get to know each other later,
Let's dance for now, c'mon

[Hook:]
Whatever u want I got it,
Whatever u need that's me
Feelin' the flow, don't stop it
Whatever u need i'll be
Whatever u want I got it,
Whatever u need that's me
Feelin' the flow, don't stop it
Whatever u need i'll be

[Hook:]
Whatever u want I got it,
Whatever u need that's me
Feelin' the flow, don't stop it
Whatever u need i'll be
Whatever u want I got it,
Whatever u need that's me
Feelin' the flow, don't stop it
Whatever u need i'll be

Whatever u want I got it,
Whatever u need that's me

Whatever u want I got it,
Whatever u need that...that's me
