

# I.M.E.

## Halloween

I should not this  
I must not that  
No matter how I act  
I must regretIts not me  
Its not me  
I got to play  
What others sayI got to turn it down  
When I feel great  
Thats not me  
Its not meI am me  
Who do you think you are  
To tell me what to be?I am me  
No matter what you say  
Today I keep my way  
I am meYou make me sick  
You make me choke  
For me your way of life  
Is just a jokeIts not me  
Its not me  
I got a face  
I got a nameWhatever you perceive  
Is not the same  
That I see  
Its not meI am me  
Who do you think you are  
To tell me what to be?I am me  
No matter what you say  
Today I keep my way  
I am meI got to change this  
To rearrange this  
Start writing onto my own pagesIts just me  
Its just me  
Its just meI am me  
Who do you think you are  
To tell me what to be?I am me  
No matter what you say  
Today I keep my way  
I am meHow grave you think you are  
To tell me what to be?I am me

You better creep away  
Today Im on my way  
I am me
