

# Do It Now (feat. Busta Rhymes)

Mos Def

Back up, back up, back up, back up  
Back up back up back up back up ease off  
This goes out to all area crew (yes yes)  
To my BK crew to my QB crew  
My LI crew, my Shaolin crew  
My Dirty South crew  
(What y'all niggas about the Dirty South?)  
Atlanta, North Cakalak'  
For all my fam, all area crew  
Yeah man! Yes, the first cut should be the deepest  
To penetrate beyond the muscle wall's inner regions  
First you was icing me, connect with the staring at the speakers  
Heard the rhyme, head high, what ya staring at ya sneakers  
You shy now, got a lot of things on your mind now  
You don't feel fly now, you hunting the exit sign down  
Fuck what you heard, cause I snatch the grapevine down (yea yeah)  
Don't understand how I ran the line down, rewind now Yo We be the most magnetic, so athletic  
Leave your peeps on the side so they can watch you and your mans get it  
Take the arch rivalry stance up on the podium  
And give the flavor to niggas but keep it low on sodium  
Possess shit that got you wondering how we holding 'em  
Things that'll lay you out like a piece of linoleum  
Bring who-ever you want, we bout to bug son and bounce  
Down to Henry Hudson, after I bust one! Yo Mos Def!  
Alright okay  
How you feel?  
Feeling great  
What ya want?  
I wan' do it to death, whats up wit you?  
You know my steez  
True indeed  
Say it loud Black and proud  
Ain't no time to hesitate at the gate  
Do it now!

Black and proudAin't no time to hesitate at the gate  
Do it now!Hay dios mio, me and Bustarimo  
The hottest Negroes en Los Estados Unidos  
Hotter than Reno when discovered by Bugsy Siegal  
I'm black like Don Cheadle shouting power to the people  
My rhymes dipping like the lifeline on the e-boat  
The raw sugar cane, NutraSweet, never Equal
