Something I Should Know

Apoptygma Berzerk

I got a feeling
I guess I'm just jealous
But I'm afraid you know something I should know
That tells me something's wrong
Got a feeling deep insideCos I hold secrets too and you know
That you know something I should knowI got a feeling
I know that something isnt right
I guess I'm just jealous
But I'm afraid you know something I should know too
That tells me something's wrong(repeat x4)
Got a feeling deep inside
I know that something isnt right
Cos I hold secrets too and you know
That you know something I should know
