Love Lies Lust

Simple Jack

Whats the word, oh baby what you heard
People going crazy and acting all absurd
When I've gots to know oh then Ive gots to grow
When I find my flow oh then its time to go
Oh whats the feeling now, oh how you dealing now
Breaking it down real slow, you got me reeling now
Before you go Im getting back my soul
Its an all new flow oh hey hell noWhoa Whoa oh no
Whoa whoa oh no
When its pure its always insecure
With the new style feelings of the slow flowOh wheres this life that I've led lead
Another dead end
And my lies that have left seeds
We can pretend
That the pain that our hate needs
Is a dead end when its making us hot
God damn it turns you on
So when you touch me now
I throw you to the ground
Grabbing your thighs so hard
I lick you up and down
Close your eyes and bite your lip so hard
No sleep coming it's a long nightWhoa whoa oh no
Whoa whoa oh no
When I gets the feeling going wrong
It's a 1 stop feeling it's a sniff oh no
Whoa Whoa oh no
Whoa whoa oh no
Close my eyes to make it through the night
No sleep coming it's a lost fightWell your high like a street queen
Ya need a lover
But a night cant be swept clean
I need another
All the dimes I can strip clean
Oh you my brother
Im a losin this round
Slippen to the sound
Its so appealing now
Oh ever being now

Taking a life so slow
Its got me thinking how
When I've gots to know
Ive lost my soul
It's the last line coming
It's the, oh noWhoa whoa oh no
Whoa whoa oh no
When I gets the feeling going wrong
It's a 1 stop feeling it's a sniff oh no
Whoa Whoa oh no
Whoa whoa oh no
Close my eyes to make it through the night
No sleep coming it's a lost fight
