

# HiiiPower (produced by J Cole)

## Kendrick Lamar

Everybody put three fingers in the air  
The sky is falling, the wind is calling  
Stand for something or die in the morning  
Section 80, HiiPowerVisions of Martin Luther staring at me  
Malcolm X put a hex on my future someone catch me  
I'm falling victim to a revolutionary song  
The Serengeti's cloneBack to put you backstabbers back on your spinal bone  
You slipped your disc when I slipped you my disc  
You wanted to diss but jumped on my dick  
Grown man should never bite they tongue  
Unless you eating pussy that smell like it's a stale plum  
I got my finger on the motherfucking pistol  
Aiming it at a pig, Charlotte's Web is gonna miss you  
My issue isn't televised and you ain't gotta tell the wise  
How to stay on beat cause our lives an instrumental  
This is physical and mental  
I wouldn't sugar coat it  
You'll die from diabetes if these other niggas wrote it  
And everything on TV just a figment of imagination  
I don't want no plastic nation  
Dread that like a Haitian  
While you muthafckers waiting  
I be off the slave ship, building pyramids, writing my own hieroglyphs  
Just call this shit Hiipower  
Nigga nothing less than Hiipower5 star dishes, food for thought bitches  
I mean this shit is Huey Newton going stupid  
You can't resist his HiiiPower  
Throw your hands up for HiiiPowerVisions of Martin Luther staring at me  
If I seen it how he seen it that would make my parents happySorry mamma I can't turn the other cheek  
They wanna knock me off the edge like a fucking widows peak, ugh  
She always told me pray for the weak, ugh  
Them demons got me, I ain't prayed in some weeks, ughDear Lord, come and save me, the Devils working hard  
He probably clocking double shifts on all of his jobs  
Frightening, so fucking frightening  
Enough to drive a man insane  
I need a license to kill  
I'm standing on a feild full of landmines  
Doing the moonwalk hoping I blow up in time  
Cause 2012 might not be a fucking legend

Tryna be a fucking legend  
The man of mankind  
Who said a black man in the illuminati?  
Last time I checked, that was the biggest racist party  
So get up off that slave ship  
Build your own pyramids, write your own hieroglyphs  
Just call this shit Hiipower  
Nigga nothing less than  
hiiipower  
5 star dishes, food for thought bitches  
I mean this shit is Bobby Seale making meals  
You can't resist his HiiiPower  
Throw your hands up for HiiiPower  
Everyday we fight the system just to make our way  
We've been down for too long, but that's all right  
We was built to be strong, cause it's our life, Na-na-nah  
Everyday we fight the system, (fight the system)  
(Never liked the system)  
We've been down for too long, but that's all right, Na-na-nah  
Who said a black man in the illuminati?  
Last time I checked, that was the biggest racist party  
Last time I checked we was racing with Marcus Garvey  
On the freeway to Africa til I wreck my Audi  
And I want everybody to view my autopsy  
So you can see exactly where the government had shot me  
No conspiracy my fate is inevitable  
They play musical chairs, once I'm on that pedestal  
Frightening, so fucking frightening  
Enough to drive a man insane, a woman insane  
The reason Lauryn Hill don't sing or Kurt Cobain  
Loaded that clip and then said bang  
The drama it bring is crazy  
Product of the late 80s  
Tryna stay above water, that's why we shun the navy  
Pull your guns and play me  
Let's set it off, cause a riot, throw off molotov's  
Somebody told me them pirates had got lost  
Cause we've been off slave ships  
Got our own pyramids, write our own hieroglyphs  
Just call this shit Hiipower  
Nigga nothing less than Hiipower  
5 star dishes, food for thought bitches  
I mean this shit is Fred Hampton on your campus  
You can't resist his HiiiPower  
Throw your hands up for HiiiPower  
Thug life, thug life!
