Under You

The Sound

No-one can help me
No-one can stop me
It takes everything
I've got to stop from doing something stupid
I'm under youEven when I'm feeling on top of the world
And I'm looking for you in my night sky
You knocked me out so I'm seeing stars
Under youWe wake up and we go to sleep
We live and die and all we really keep
Is one great day
Under you, Under you I feel that way
One great day to put my others to shame
One great day to put my others to shame
You won't hurt me like they hurt you
You won't break me like they broke you
Can you see what I'd like to do
Under youNo-one can help me
No-one can stop me
It takes everything
I've got to stop from doing something stupid
I'm under youWe wake up and we go to sleep
We live and die and all we really keep
Is one great day
Under you, Under you I feel that way
One great day to put my others to shame
One great day to put my others to shame
Damned if I know how to reach you,
Damned if I know what to do
Damned if I know how to get through to you
And damned even if I do
I'm under you
I'm under you
I'm under you
I'm under you
