

# Rise of the Serpent Men

## Axegrinder

Rise of the Serpent Men  
The serpent men led the sect  
To the cathedral  
Falling over bodied of wars before  
In the name of their master  
MASTERS  
So they slayed and were slain  
For the legacy of eternal life  
Blind to the church's profligacy  
Blind to their evil lies  
LIE  
The legacy of christ  
Handed down to surpress again  
The insane pave the way  
The rise of the serpent men  
SERPENT MEN
