

# Intermission

## The Death Set

Intermission, enter dangerous territory,  
We're ignoring everywhere you've been before and  
Sit and listen when you thought you had a reason,  
Check the water when you wonder where your kids are swimming. Tape deck, select,  
Burning wreck, broken neck,  
Dirty speck, bitches wet,  
Motherfucking DeathSet!  
In your eye, weapons fly,  
Don't even try to feel our size,  
Wonder why the people cry  
The motherfuckin' DeathSet!
