

# Half the Way Valley

## Sea Hags

Hey yeah little demon  
Open up your bog of tricks  
Cos I've got a broken heart  
(Right here) I want you to fix  
It takes just a pinch of love  
A bit o' passion and sympathy  
Toss 'em all together  
Into the cauldron  
And sit right next to me\*\*\*\*\*

Half the way Valley  
You're always takin' me  
Half the way Sally  
Come on we're almost There\*\*\*\*\*

Deep in the Forest  
In a clearing beyond the trees  
I can hear a melody  
Floatin' on the breeze  
Hypnotized by light and sound  
Until I'm drawn in by her voice  
Then she shook me to the ground  
To be shook without the choice

Half the way Valley  
You're always takin' me  
Half the way Sally  
Come on we're almost there

---

--

Well some lazy Mother  
From the Groovy Seventies  
Is the reason we're all here tonight  
So take me to a place with a waitress  
On her knees  
lookin' like she could use a bite  
We'll All Right!\_\_\_\_\_

Half the Way Valley

She's always takin' me  
Half the way Sally  
Come on we're Almost there\_\_\_\_\_

Half the Way Valley  
She's always shakin' me  
Half the day Sally  
Come on we're almost there\_\_\_\_\_
