Heaven Help Me

Dave Barnes

Angelina's seen a lot of things
There are stories in her eyes
Hard up on the corner nearly everyday
Everyday I just drive by
Heaven help me
I can't help it
It's the furthest thing from my mind
Heaven help me
I can't help it
Nothing's changing when nothing's tried
Saw a picture on the TV screen
The one I've seen before
Another sorrow way across the sea
Another chance I just ignore
Heaven help me
I can't help it

It's the furthest thing from my mind
Heaven help me
I can't help it
Nothing's changing when nothing's tried
Hang on, have hope, help's on the way
I can't keep moving on
Thinking nothing's wrong
So I'm bringing on a brighter day
Bringing on a brighter day
Heaven help me
I can't help it
It's the furthest thing from my mind
Heaven help me
I can't help it
Nothing's changing when nothing's tried
I can't do it alone
Heaven help me
