

# Becoming The Dragon

## Trivium

Swimming the river ascending  
Free of fear, filled with purpose  
Nishikigoi fights through oceans of adversity  
Against the current to obtain the highest goals  
Swim through oceans of suffering  
Climb to the falls of Dragon Gate  
Become  
Transform from Koi into a beast  
Dragon  
A living symbol of courage  
No wave will shatter these scales  
Dreams of three eagle claws and the paws of a tiger  
Waterfall's up ahead, one thing left to do  
Swim through oceans of suffering  
Climb to the falls of Dragon Gate  
Become  
Transform from Koi into a beast  
Dragon  
You'll never stop the becoming, yeah  
This dragon will rise and be king  
All bear witness to a great form  
Evolution is complete  
A breath that turns into clouds producing rain or fire  
Watch the world move according to each desire  
Swim through oceans of suffering  
Climb to the falls of Dragon Gate  
Become  
Transform from Koi into a beast  
Dragon
