

# Nora (Remastered)

## Cancerslug

nora nora  
send your body down  
its nice to see you dead again downtown  
thanks for comming around  
its nice to fuck the dead again downtown  
i found her dead in the alley trash downtown when i was ten  
if i had her now i would do it all again  
i named her nora, drug her home, and she made me a man  
fuck you all  
i know she understands
