

Proud

Carlos Cisneros

You don't want to take a no for an answer
And I keep on trying to say yes
It's so hard to be the man that you want me to be
And I guess I lost my way But there's only one thing I want you to know
I still want to make you proud That I'm doing my best
And I'm sorry if I
Still make some mistakes
I guess I gotta learn
I know it's not the way
You wanted for me
I'm still somewhere else
And you're right here You saw me grow up from the kid that I used to be,
it's been a long way since then and we can tell that
the kid has grown to a man and that man tries to find his own path But there's only one thing I want you to know
I still want to make you proud That I'm doing my best
And I'm sorry if I
Still make some mistakes
I guess I gotta learn
I know it's not the way
You wanted for me
I'm still somewhere else
And you're right here And that I want you to know
That I love you with all my heart and soul
And I still want to make you proud That I'm doing my best
And I'm sorry if I
Still make some mistakes
I guess I gotta learn
I know it's not the way
You wanted for me
I'm still somewhere else
And you're right here (x2)
