Two Hearts in Two Weeks

The Last Shadow Puppets

His clocks are all wrong
But he knows by how much
Hell turn on you quick with a clinical touch
With a clinical touch hell set you in fits??
And force you to bed for the fruits of the richAnd hell burn you alive
He knows where you hide
Leave you cold and surprised
You know he broke two hearts in two weeksHell swallow your bones and steal all your spit
And bring you to life like a talking puppet
Like a talking puppet hell play with your limbs
Swap them around and tie them to stringsAnd hell burn you alive
He knows where you hide
Leave you cold and surprised
You know he broke two hearts in two weeksDont let it begin to know where you win??
Cus he sired?? but he smelt your scent
Insanity went out you to the day??Broke two hearts in two weeks
Broke two hearts in two weeksTracing his steal?? yeah pacing his den
If youve got it right then hell take you again
Hell take you again down to his cell
And although shell want to she will never tellAnd hell burn you alive
He knows where you hide
Leave you cold and surprised
You know he broke two hearts in two weeksI think thats mostly right
