# Real Good Sign

## Love and Theft

I don't know what's wrong with me,
But I'm wonnd up tighter than a guitar string,
Made me smile and that's got a mean,
I'm doing something right.I won't swear she's into me,
But it's looking like she just might be.
Her eyes are soft and deep and green,
Locked on me tonight
Locked on me tonightHey, I'd say I'm doing fine,
She hasn't tried to kiss me
But I do believe it's crossed her mind.
Hey, the way she's got her hand on mine
It's looking like a real good sign.I like the way she flips her hair,
All casual like she don't care.
Is she just tryin' to make me stare?
Man, that's all I've done.Well it's been a while since I've been loved,
And I don't wanna push my luck.
As long as I don't screw this up
She might be the one.Hey, I'd say I'm doing fine,
She hasn't tried to kiss me
But I do believe it's crossed her mind.
Hey, the way she's got her hand on mine
It's looking like a real good sign.Oh, I don't claim to know a woman's mind,
I don't know if this thing is gonna fly.
The way she's looking at me,
The shutters make me happy,
That's gotta be a real good sign.Hey, I'd say I'm doing fine,
She hasn't tried to kiss me
But I'm really sure it's crossed her mind.
Hey, the way she's got her hand on mine
It's looking like a real good sign, yeah
It's looking like a real good sign.
A real good sign, yeah baby.
