

Turn This Love Around (feat. Laura V.)

Armin van Buuren

What's the point of hiding
We know what's here inside
We know we can't deny
I don't know how to start it
But I won't give up this fight
'Cause I 'gotta know we tried There's no reason we should stop believing
we can turn this love around
we can do this
I know we'll get through it
If we turn this love around
Turn it around
Turn it around
Turn it around
Baby, turn it around
Turn this love around
Turn this love around
Turn this love around
Turn this love around
Turn this love around Daylight turns to darkness
Seasons fade away
But I know nothing here has change
'Cause we're getting through the heart aches
And some would fall astray
But I know our love still remains There's no reason we should stop believing
We can turn this love around
We can do this
I know we'll get through it
If we turn this love around
Turn it around
Turn it around
Turn it around
Baby, turn it around
Turn this love around
Turn this love around
Turn this love around
Turn this love around
Turn this love around
