Matthew 24 (Is Knocking At the Door)

Johnny Cash

1, 2, 3, 4
1, 2, 3, 4I heard on the radio rumors of war
People gettin' ready for battle
And there may be just one moreI heard about an earthquake
And the toll it took away
These are the signs of the times we're in todayMatthew 24 is knockin' at the door
And there can't be too much more to come to pass
Matthew 24 is knockin' at the door
And a day or one day more could be the lastThe great bear from the Northland
Has risen from his sleep
And the army ranks in red are near
Two hundred million deepThe young and old now prophesy
A coming prince of peace
And last night I dreamed of lightning in the eastMatthew 24 is knockin' at the door
And there can't be too much more to come to pass
Matthew 24 is knockin' at the door
And a day or one day more could be the last
