

# Matthew 24 (Is Knocking At the Door)

## Johnny Cash

1, 2, 3, 4  
1, 2, 3, 4I heard on the radio rumors of war  
People gettin' ready for battle  
And there may be just one moreI heard about an earthquake  
And the toll it took away  
These are the signs of the times we're in todayMatthew 24 is knockin' at the door  
And there can't be too much more to come to pass  
Matthew 24 is knockin' at the door  
And a day or one day more could be the lastThe great bear from the Northland  
Has risen from his sleep  
And the army ranks in red are near  
Two hundred million deepThe young and old now prophesy  
A coming prince of peace  
And last night I dreamed of lightning in the eastMatthew 24 is knockin' at the door  
And there can't be too much more to come to pass  
Matthew 24 is knockin' at the door  
And a day or one day more could be the last
