

Sixteen

Pea Shooter

So they say I was sometimes cruel
I dont know if I would say that too
 Oh I, I don't know about that
Everyday the sky reminds me still
 Yr not here and it always will
 Oh I, I don't know about that
 You

 I try my best to play along
Like nothing's over and no one's gone
 But I, I don't know about that
 I don't know about that
If I tried harder you'd, still be here
 Is it true?
 Oh I, I don't know about that
 I don't know about that
