Rocketships and Radios

Nickasaur!

Don't stop,
Won't stop
Gon' get it girl.
Everyone in this galaxy
Just wants to see you twirl.
One step, two step, now walk it out.
Don't be shy baby,
And show em' what your all about.
No six seven eight nine girl your a ten.
Like late-breaking news on CNN.
Tap-tap-tap it like happy feet.
Rewind, stop, play, and hit repeat.Oh
My
God.
This girl's a star.
I'll build a rocketship,
Just to take me where you are.
Pass the skies,
I swear no lies.
You don't compete with these,
So when I'm with you, please.Don't stop,
Won't stop
Gon' get it girl.
Everyone in this galaxy
Just wants to see you twirl.
One step, two step, now walk it out.
Don't be shy baby,
And show em' what your all about.
No six seven eight nine girl your a ten.
Like late-breaking news on CNN.
Tap-tap-tap it like happy feet.
Rewind, stop, play, and hit repeat.Kick off your stilletos
Kick off your stilletos and
Huh huh huh huh huh in the backseat
Kick off your stilletos
Kick off your stilletos and
Huh huh huh huh huh in the backseatCome explore
The intergalactic with me.
I swear,

It'll be super fantastic.
You'll see.
Let it rain,
And clear it out.
Were raving,
I'm craving,
She's paving,
She's saying,
I'm saying,
That I'm paying
get layin
from day in
to day out.
She's a stunner.
(and thats no doubt)Don't stop,
Won't stop
Gon' get it girl.
Everyone in this galaxy
Just wants to see you twirl.
One step, two step, now walk it out.
Don't be shy baby,
And show em' what your all about.
No six seven eight nine girl your a ten.
Like late-breaking news on CNN.
Tap-tap-tap it like happy feet.
Rewind, stop, play, and hit repeat.Don't stop,
Won't stop
Gon' get it girl.
Everyone in this galaxy
Just wants to see you twirl.
One step, two step, now walk it out.
Don't be shy baby,
And show em' what your all about.
No six seven eight nine girl your a ten.
