Time

Black Lips

Time is moving on
But you keep on crying, crying oh so long
But I keep on moving, moving, moving
Right along
When you see me walking by her side
Don't give no dirty looks
You can know you can be my bride
But I just removed your hooks
So what your thinking can't be true
So you keep that in mind
Time is moving on
But you keep on crying, crying oh so long
But I keep on moving, moving, moving
Right along
When I'm passing down the back of school
The teacher's start to kneel
They try to play me for a fool
But they can go to hell
So what they're saying can't be true
So you keep that in mind

Time is moving on
But you keep on crying, crying oh so long
But I keep on moving, moving, moving
Right along
On the highway going 91
While the cops are catching a snooze
Never thought we'd have so much fun
Just skipping and sipping the booze
Rocking goes away if you make it
So you keep that in mind
Time is moving on
But you keep on crying, crying oh so long
But I keep on moving, moving, moving
Right along
Time is moving on, time is moving on
Time is moving on, time is moving on
Time is moving on, time is moving on
Time is moving on, time is moving on

Time is moving on, time is moving on
Time is moving on, time is moving on
Time is moving on
