Advisory - the following lyrics contain explicit language:

Shes a dime playa, but I need a 15
A queen lookin like she need to be in a magazine
Or a movie scene movin the green
Workin with a team thats workin for a king
19 lean bustin out the seams of tight jeans no one-night please
I need something thats goin bring the things that bling bling to a king
Green what do you mean
Hutch does dreezy like afro sheen
Get down with another broad if thats yo thing
Its natural things and Im smooth as cream
And I know you can sell a fool a dream
Top notcha better watch ya space-age pimp the black buck rogers
[chorus]
I aint a trick but I spend a little to make a lot
You aint tryna pop then hutch shake the spot
Got to make a knot, you tie my work
When the stack gets fat kick back and perk
Im potent I be soakin it
Which side you ride with broke or rich
Now we bitch rider tryna get butter
Ass with the most cash lives hotter
It aint a problem that I cant fix
I keep it poppin and make more chips
Make more hits get the crew hyphy
Shes my bitch but thats your wifey
Smackin it or mackin it
The heat gonn skeet when Im packin it
Shes a notch better watch shell sneak a cheat
With the black buck rogers (robot sound) beed e beep beep beep
[chorus]
Mac Dre the black buck rogers
Got drafts and cuts like the dodgers

Runnin check on her Throw em up in her
Shirt says champ but is she really a winner
Or really a beginner tryna enter
If she cool then fool Im a sinner
Its all about the cash put the trash in the cash
If you dont understand girl Im the man
Put it in my hand we can live life lav
24/7 I get my cash
Smash, fash, shake the dass
If the funk start bunk dont wait to blast
Im a cutthroat if you must know
I go for the green and the guts though
Dont trust hoe body like mody (snitch!)
Black buck rogers is hyphyn the party
