

# Drink Beer (Till The Day That I Die)

**Dazie Mae**

Drink beer, it's good for u  
I'm empty handed & I'm feeling blue  
And I'm gonna drink 'till the day that I dieShot bourbon down my throat  
I'm empty hearted and I am all alone  
But I'm gonna drink 'till the day that I dieHiding alka selzer in my loaded drinks  
I'm crying out for your help to stop me from sinkingNo sex drugs & rock'n 'roll  
My man has left me and the fun has gone  
So I'll keep drinking 'till the day that i die
