

# You with Me

## Jimmy Eat World

I don't stand a chance  
Against the glow of answers  
Lighting up your face across the pillow landscape  
The list of things  
I feel is crazy  
News to me that I would need a second wake-up  
It's all been happening  
Like they said it might  
Am I weak if I want to fight?  
What makes our love so hard to be?  
Is it you, or is that you with me?  
For just the possibility  
I'd have given anything  
We play along, we sell but  
Only so much we can tell ourselves  
Is it you, or is it you with me?  
You with me, you with me  
Pull like magnets  
Cloud of static  
The air between is punishing, but nothing happens  
Scared to say it  
Even to yourself  
Am I weak if I want to help?  
What makes our love so hard to be?  
Is it you, or is that you with me?  
For just the possibility  
I'd have given anything  
We play along, we sell but  
Only so much we can tell ourselves  
Is it you, or is that you with me?  
You with me, you with me  
Wrong, I'm certain  
And it's sad to think of  
Expecting different outcomes with the better question  
Fear and comfort  
Are both one, the same  
Am I weak if I want to wait?  
What makes our love so hard to be?  
Is it you, or is that you with me?  
For just the possibility  
I'd have given anything  
We play along, we sell but  
Only so much we can tell ourselves  
Is it you, or is that you with me?  
You with me, you with me  
We play along, we sell but  
Only so much we can tell ourselves  
Is it you, or is that you with me?

You with me, you with me  
You with me, you with me Is it you, or is it that you with me?  
You with me, you with me
