The Kids

B.o.b

Drug boy said it's show time
Streets don't give a damn
They filled with such pollution
The kids don't stand a chance
We're trapped inside the matrix
Forced to play our hand
We're filled with so much hatred
The kids don't stand a chance
I said the kids don't, the kids don't stand
The kids don't stand a chance
I said the kids don't, the kids don't stand
The kids don't stand a chance
Well, since I was planted at birth
I abandoned my own planet and I landed on earth
As a kid I never understood what I observed
Some of it was strange but most of it disturbed me
Always in detention for the lack of my attention
You could call it deficit, really I just didn't listen
And I was always missin'
The teachers like, where is Bobby Simons?
But tryna get a record deal is all I can remember
It's funny 'cause lookin' back on the past that I had
All my days, in the streets tryna prove that I was bad
I still elevated to the level that I'm at
Still elevated to the level that I'm at
We're trapped inside the matrix
Forced to play our hand
We're fill with so much hatred
The kids don't stand a chance
I said the kids don't, the kids don't stand
The kids don't stand a chance
I said the kids don't, the kids don't stand
The kids don't stand a chance
Sometimes it's hard to grow
While livin' in fear of the unknown
How can he ever give love
When no love is in his heart?
A child can barely see that I
Do worry 'bout tomorrow

And what it beholds
He drowns himself
Deep down in his sorrow
Will you run or will you share your light?
Tell a story of the live and try
See it when we're given hope
That we know that we can grow
We're trapped inside the matrix
Forced to play our hand
We're fill with so much hatred
The kids don't stand a chance
I said the kids don't, the kids don't stand
The kids don't stand a chance
I said the kids don't, the kids don't stand
The kids don't stand a chance
