

I Drove the Coquihalla

[Chixdiggitt](#)

saturday, gotta run, gotta go, gotta be with you and i'm gonna see it through 'cause i wanna see you... oh yeah
how to go, i dunno, wanna go, gotta be with you and i'm gonna see it through 'cause i wanna see you i drove
drove drove drove drove the coquihalla just to be, just to be, just to be here with you i drove drove drove drove
drove the coquihalla just to be, just to be, just to be here with you [solo] i drove drove drove drove drove the
coquihalla just to be, just to be, just to be here with you i drove drove drove drove drove the coquihalla just to
be, just to be, just to be here with you [x4]
