Divided

Nadine Shah

My love, it was divided
Between his cheek bones, and his knees
Our love, it was divided
Between his city, and my cityI let my hair loose for you
But I would scrape it back as soon as I would leave
I played it all so cool, babe
I hid all my jealousyI didn't ask you to need me
I never begged you please stay
My mother would be so ashamed of me
If I didn't act in a classy kind of way
And now you should be gone, dear
Go you, for meTell every memory to me
I showed you my worst
The streets we know that won't grow old
Babe you go first
I didn't ask you to need me
I never begged you to please stay
My mother would be ashamed of me
If I didn't act in a classy kind of wayAnd now you should be gone, dear
Go you, for me
